My pupils absolutely loved our trip to Killruddery. Our package included Water and it was a brilliant experience from start to finish. As well as teaching the kids new skills, Matt and his team were excellent with them. Everyone thoroughly enjoyed a fun day out and I'd strongly recommend the Alive Outside School Tour for anyone looking for an outdoors adventure experience close to Dublin.

We took on the Bushcraft challenge about how to survive in the wild, as part of the Land Package. Each child learned valuable skills that they can now use outside of school, including how to build a shelter, how to start a fire and how to find water. Toasting marshmallows at the end was the perfect finale to a wonderfully fun and educational School Tour!
